

OCEANIA OPEN CHAMPIONSHIPS

The Oceania Squash Federation encourages member countries to conduct open championship events as a means of promoting the sport in their country and attracting players from other countries to compete in the championships.

It is a strategic objective of the OSF to develop a cohesive circuit of open championship events throughout the region, culminating in at least one major event in each country.

It is anticipated that member countries will strive towards conducting both PSA (Mens Professional Squash) and WISPA (Womens Professional Squash) events.

Both Australia and New Zealand hold such events and the smaller countries are striving towards this in the future.

Oceania Squash Federation offers the naming rights to the following events to its member countries and event promoters:

- Oceania Open Men's Championship
- Oceania Open Ladies Championship
- Oceania Open Men's Doubles Championships
- Oceania Open Ladies Doubles Championships
- Oceania Open Mixed Doubles Championships

Naming rights assist in elevating the status of the event and have the potential to attract greater sponsorship.

Interested parties are invited to contact the Oceania Squash Federation for further information.

OCEANIA OPEN CHAMPIONSHIPS RESULTS
